

February 20, 2008

Dear Labeling Lists Subscriber:

This is to inform you of inconsistencies between the National Customer Support Center (NCSC) Labeling Lists data files, the *Postal Bulletin* and the *DMM*[®] guidelines related to the February 14, 2008 publish date.

Footnotes were removed from L601 and L603 in the NCSC data files, but were not removed from the *DMM*. *Postal Bulletin* updates did not accurately reflect the removal of these footnotes. The online *DMM* will be updated March 3, 2008 to reflect the removal of the footnotes.

The Labeling List technical guide has been modified to reflect changes to footnote descriptions within the lists in which they are applicable. The technical guide can be found on the root directory of the enclosed CD-ROM. Two formats are available, Guide.rtf and Guide.txt.

We appreciate the opportunity to serve you and apologize for the inconsistencies between the Labeling List resources. If you have any questions or need additional information, please contact us at 800-238-3150, option 6, and then option 2.

Sincerely,

A handwritten signature in cursive script that reads "Alice VanGorder".
