### ***FASTforward* MLOCR/RVE LPR**

- Modified section 6.5, which originally stated media must be retained until requested by USPS. This language was replaced with the following:

‘Weekly updates more than 45 days old shall be destroyed using common practice for disposal of sensitive materials. Examples of acceptable methods of destruction include shredding, punching, incinerating or breaking the CDs.’

- In Appendix B under ‘*FASTforward* Notification Via Returned Mailpiece Processing,’ added the option of the return of photocopied mailpieces to customers. The language states the following:

‘To allow customers (mailers) the opportunity to update their databases without causing delays in entering the mailpieces into the mailstream, mailpieces with updated COA information may be photocopied. The photocopies may be returned to customers (mailers) and the updated mailpieces may be presented to the USPS along with other mailpieces in the mailing.’
