9.7. Resort by USPS to any remedies referred to in this License Agreement or arising by reason of a breach of this Agreement by Developer shall not be construed as a waiver by USPS of its right to resort to any and all other legal and equitable remedies available to USPS.

11. *Indemnity*

- 11.1. USPS agrees to hold harmless, defend and indemnify Developer for infringement of any U.S. intellectual property rights in the Licensed Materials. The foregoing obligation shall not apply unless (1) USPS shall have been informed within ten [10] calendar days from when Developer learned of the suit or action alleging such infringement and (2) USPS shall have been given the opportunity to assume complete and sole control of the defense against the claim of infringement, with the assistance of Developer, each at its own expense.

12. Confidentiality of the Suite^{Link} Product and Other Licensed Materials

- 12.1. Suite^{Link} Product and other Licensed Materials are confidential and proprietary to USPS and shall remain the property of USPS. Nothing contained in this Agreement shall give Developer any right, title, or interest in or to the Suite^{Link} Product except as the recipient of the license granted in this Agreement.
- 12.2. Developer agrees to hold all information concerning Suite^{Link} Product confidential, to disclose said information only in accordance with the provisions of this Agreement, to take all reasonable steps (including at a minimum, but not limited to, those steps necessary to comply with Sections 12.4 and 18 of this Agreement) to safeguard the confidentiality of the Suite^{Link} Product and other Licensed Materials, and any or all parts thereof, and to prevent unauthorized disclosure thereof by Developer's employees, agents, representatives, and customers.
- 12.3. Unauthorized disclosure includes using the Suite^{Link} Product and/or Licensed Materials for artificially creating or maintaining address lists, providing the Suite^{Link} Product or any portion thereof to any third party for any purpose or under any conditions except as expressly authorized by this Agreement, or any other use of the Suite^{Link} Product and/or the provided source code that is not specifically authorized by this Agreement.
- 12.4. Developer agrees to provide security for all Licensed Materials that is equal to or greater than the level of security necessary for compliance with the USPS *ADP Security Handbook* (Handbook AS-805), a copy of which may be obtained from the USPS designated web site.
- 12.4.1. information specified in this Agreement that are electronically created, communicated, processed, stored, retained, or retrieved are authentic, accurate, reliable, complete, and confidential, and that business records and data are protected from improper access.

- 12.5. To ensure the confidentiality of address information in the Suite^{Link} Product, Developer shall ensure that none of its employees or contractors or any other related individual or entity disclose to any third party any address information obtained through use directly or indirectly of the Suite^{Link} Product.
- 12.6. Developer agrees to control and restrict any access to address information in or from the Suite^{Link} Product to employees or contractors who need it to perform work for Developer under this Agreement.
- 12.7. Due to the sensitive nature of the confidential and proprietary information contained in the Licensed Materials, Developer acknowledges that unauthorized use and/or disclosure of Licensed Materials will irreparably harm USPS's right to control its intellectual property. Accordingly, Developer consents to such injunctive, equitable, or other monetary relief as a court of competent jurisdiction may deem proper.

13. Proprietary Notice

Any copies of Licensed Materials produced by Developer shall have a notice identifying the same as the confidential and proprietary property of USPS.

Notwithstanding the foregoing, USPS may inspect, at any time, Developer's use of the Licensed Materials and the Suite^{Link} Product on Developer's web site.

15. No Partnership or Joint Venture

This Agreement does not create a partnership or joint venture between the parties and Developer shall have no power to obligate or bind USPS in any manner whatsoever.

Further, the parties each agree and acknowledge that the USPS regulations and/or policies governing procurement of supplies and/or services shall not apply to this Agreement, and the parties waive any and all express and implied remedies, recourse or administrative procedures provided or created thereby.

18. Applicable Law Compliance

18.1. The Licensed Materials, in particular, the address information contained therein, are governed by the provisions of 39 USC 412, which prohibits the disclosure of lists of names or addresses. Accordingly, Developer shall take all steps necessary to secure the Licensed Materials in a manner that fully complies with Section 412. Developer shall ensure that it does not use the Licensed Materials for the purpose of creating or maintaining address lists.

UNITED STATES POSTAL SERVICE®
Suite^{Link™} INTERFACE DEVELOPER AGREEMENT

- 18.2. Developer shall adopt all security measures identified within the Licensee Performance Requirements to detect cases where address records have been artificially generated and presented to the Suite^{Link} Product for the apparent purpose of creating an address list.
- 18.3. Developer acknowledges that the export of the Licensed Materials and Suite^{Link} Product is outside the Scope and Purpose of this Agreement and is outside the license granted in this Agreement and that such export may be subject to compliance with the Export Administration Act Regulations of the United States Department of Commerce, as amended, and other export controls of the United States (“Export Laws”). 20. Entire Agreement

This Agreement constitutes the entire Agreement between USPS and Developer concerning the subject matter thereof and supersedes all previous agreements and understandings. This Agreement may not be altered, amended, or modified except by a written instrument signed by authorized representatives of USPS and Developer.

21. Non-Transferable

This License shall not be transferable, in whole or in part, by operation of law or otherwise. The rights and obligations of Developer shall be terminated immediately in the event of the death of Developer (if an individual) or, dissolution, merger, buy-out, or transfer (of any kind) of the assets of Developer (if other than an individual). In case of an attempt to transfer this Agreement in whole or in part, this Agreement shall be void. For purposes of this Agreement, an assignment shall include, in addition to the express assignment by Developer of any interest in this Agreement to another party, any voluntary, involuntary, direct or indirect assignment, sale or other transfer by
