AIS025 (Order Form)

- Updated the fee structure and prorated fee schedule to reflect new prices.

October 12, 2012

License Agreement

- Updated address of the National Customer Support Center.

January 23, 2012

License Agreement

- In Exhibit A, updated the fee structure and prorated fee schedule to reflect new prices.

AIS025 (Order Form)

- Updated the fee structure and prorated fee schedule to reflect new prices.

January 3, 2011

License Agreement

- In Exhibit A, updated the fee structure and prorated fee schedule to reflect new prices.

AIS025 (Order Form)

- Updated the fee structure and prorated fee schedule to reflect new prices.

November 1, 2010

License Agreement

- Throughout document, modified product name to include Suite^{Link} API because the Suite^{Link} data is included in the AMS API Product.
- In section 8.3, added the Suite^{Link} product description.
- In Exhibit A, added Suite^{Link} to product descriptions. Also updated the Pro-rated Fee Schedule to include Suite^{Link}.
- In Exhibit B, changed the operating platform 'LNX' to 'L32 (Linux 32-bit)' and 'L64 (Linux 64-bit).'
- In Exhibit G, added information on the Suite^{Link} AMS API Product.

AIS025 (Order Form)

- Throughout document, modified product name to include Suite^{Link} API because the Suite^{Link} data is included in the AMS API Product.
- On page 1 under 'Ordering', removed the question regarding RIBBS posting.
- On page 2 under 'Operating Platforms' changed 'LNX' to 'L32 (Linux 32-bit)' and 'L64 (Linux 64-bit).'

AMS API Modifications

- On page 3, updated the Pro-rated Fee Schedule to include Suite^{Link}.

November 17, 2008

License Agreement

- In the licensee box on page 1, change the USPS suite number to '101.'
- In 'Exhibit A: Product Fees and Descriptions' revised the layout of the Pro-Rated Fee Schedule.
- In 'Exhibit A: Product Fees and Descriptions' removed the 'Factor Table' and replaced it with the 'Pricing Table.'
- In 'Exhibit A: Product Descriptions' under 'Additional AMS, DPV and LACS^{Link} ZIP + 4 Database License' removed occurrences of 'factor table' and replaced with 'pricing table' and 'fees' where applicable.
- On the first two signature pages under 'USPS Contracting Officer' changed the suite number to '101.'

AIS025 (Order Form)

- Removed the 'Factor Table' and replaced with the 'Pricing Table.' Also revised the layout of the Pro-Rated Fee Schedule.
- Added information about the Centralized Email Account.

June 2, 2008

License Agreement

- License Agreement updated to reflect the DPV, LACS^{Link} and eLOT trademark changes to registered trademarks.
- Changed the watermark from "Sample" to "For Display Only"

AIS025 (Order Form)

- License Agreement updated to reflect the DPV, LACS^{Link} and eLOT trademark changes to registered trademarks.

January 14, 2008

- In Exhibit E, added information concerning Z4DPV in section 4.0.

October 10, 2007

- Throughout document, 'CD-ROM' was changed to 'electronic media' except for on page 22, Exhibit C, changed 'CD-ROM' to 'disc.'
- The Stop Processing sections for LACS^{Link} and DPV were combined into one section in Exhibit E.
- 'Resale' was changed to 'Resell' on all occurrences.
- Language regarding the creation of a centralized email account was added to section 45.0 and subsequent sections were renumbered.
- In Section 8.0:
 - In the first line, changed 'works in conjunction with' to 'is incorporated into.'
 - In the second line, changed 'valid delivery' to 'known address record.'
 - Changed the third sentence to the following: The DPV system ensures ZIP + 4 codes will be assigned only when the primary number of the address can be validated using the DPV Product, and whether the input address reflects any applicable municipality address conversions.
 - In the sixth line, changed 'deliverable' to 'known USPS.'

AMS API Modifications

- In Section 8.1:
 - Moved 'RDI' to section 8.3 and moved 'LACS^{Link}' to section 8.1.
 - Added the following sentence: The LACS^{Link} Product is incorporated into the AMS API Product and identifies whether an input address reflects any applicable municipality address conversions.
 - In the last line, changed the exhibit number to 'E.'
- In section 8.2, changed 'G' to 'F.'
- In Exhibit A: Product Fees and Descriptions:
 - Revised the fees, including adding pricing for CDs and DVDs.
 - Replaced the pro-rated fee schedule to coincide with the current order form.
- In Exhibit A: Product Descriptions, combined AMS, DPV and LACS^{Link} API where appropriate and removed the individual products for DPV and LACS^{Link} where appropriate.
- In Exhibit E: Stop Processing in the AMS, DPV and LACS^{Link} API Product, combined exhibits E and F and renumbered subsequent exhibit.
- On the Signature pages:
 - On the license page, added DPV, LACS^{Link} and eLOT and removed the eLOT signature page.
 - On the AMS API Description Request Form, added DPV and LACS^{Link}.
 - On the Advertising Form, added DPV and LACS^{Link}.
 - On the Developer's Kit Customer ID Form, added DPV and LACS^{Link}.

March 14, 2007

- Removed 'OSF' as an operating platform in Exhibits B and D.

October 24, 2006

February 16, 2005

Exhibit F: RDI Enabled AMS API Product, page 26

This section was added to incorporate the RDI product.

Section 8.1, page 5-6

This section was added to include the RDI product.

February 2, 2005

Dates were added to reflect the dates of the modifications.

December 1, 2004

Introduction, page 1

The statement of agreement between the licensee and the USPS has been revised, eliminating the effective date of the license.

Exhibit A: Product Fees and Descriptions, page 19

The Factor Table was moved from Exhibit B: Operating Platforms and Factor Table, page 23 of the January 2004 License Agreement to Exhibit A: Product Fees and Descriptions, page 19 of the current License Agreement.

Exhibit B: Operating Platforms and Factor Table, page 21

Under Operating Platforms, a code and description for SUN 64-bit (S64) was added. The Factor Table and discontinued platforms were deleted.

Address Matching System Application Program Interface (AMS API) Developer’s Kit, page 20 in the January 2003 License Agreement, page 19 in the current License Agreement

AMS API Modifications

This section combined the Address Matching System Application Program Interface (AMS API) and the Delivery Point Validation Application Program Interface (DPV API) Developer's Kit. This section further explains that this kit is required to access both products. The kit includes one AMS ZIP + 4 database license, one DPV database license, operating platform and six (6) bi-monthly CD-ROMs for AMS API and DPV API.

Delivery Point Validation Application Program Interface (DPV API) Developer's Kit, page 21 in the January 2003 License Agreement

This section was combined with Address Matching System Application Program Interface (AMS API) Developer's Kit.

Exhibit D: Use Restrictions of Address Matching System Files and Directories, page 23

The Directories section was revised with an addition of S64 to the list of subdirectories. The following subdirectories were deleted: OS2, MAC, SCO and HP.

Exhibit E: Delivery Point Validation (DPV) Enabled AMS API Product, page 25

Section 2.5 A and B was revised to state included in the annual subscription fees in the Licensee's Internal Software and Licensee's Product for End Users are six (6) bi-monthly AMS API and AMS DPV CD-ROM discs.
