## USPS Shipping Products and Services Webinar Series

July 7, 2015, 11a.m. EDT – Click-N-Ship Business Pro

Join us as the Postal Service continues to host its series of informational webinars on a variety of products and services. The webinars focus on service enhancements, features, benefits, how to get started, and onboarding information to acquire the knowledge and skills to effectively use the service.

Tuesday, July 7, 2015 at 11a.m. EDT – **Click-N-Ship Business Pro**

Click-N-Ship Business Pro is free downloadable software that allows small and medium business mailers to produce domestic and international shipping labels with the required Intelligent Mail package barcode (IMpb), submit manifests and securely pay for postage via permit imprint. Because the IMpb contains detailed information about the package — such as product, extra services, destination, and more — customers gain visibility into shipments and day of delivery.

Speaker: Mary M. Ballard, Business System Analyst
