FOX VALLEY Clarification & ALBANY Temporary Redirection

Attention FAST Users:

Please see below for information related to FOX VALLEY and a notification of a temporary redirection at the ALBANY facility.

ITEM 1: FOX VALLEY

Background/Issue

- There is a potential entry point issue for the 601 Area (Carol Stream – Fox Valley – Metro Surface Hub facilities).
- The past 3 drop shipment product files (July, August, September) provide different answers for where to take 601 mail (Carol Stream, Fox Valley, Metro Surface Hub).

Operations/MDF Solution

- Per USPS Operations, FOX VALLEY is the preferred facility to ship to starting 8/1.
- However, USPS will ship any mail to FOX VALLEY if it is already going to one of the other two facilities. FOX VALLEY will accept 8125s listing the other two facilities.
- FOX VALLEY (NASS CODE: 605; Dropsite Key: EW13018) is located at 3900 GABRIELLE LN, Aurora, IL 60599.
- ***The August 1st Mail Direction Files (w/ September 1 effective dates) have been reproduced to correct this issue and are available for download in FAST***
- The grace period for the 601 redirections has been extended to 10/1.

eInduction Solution

- This issue may cause eInduction misships. BMS analysts have been notified of the issue. Misship data related to this issue will be omitted from the monthly assessments.

ITEM 2: ALBANY TEMPORARY REDIRECTION

Background/Issue

- ALBANY P&DC (NASS CODE: 120) is undergoing a machine upgrade, which will impact Standard Flats processing from August 29, 2016 – September 23, 2016. USPS is implementing a temporary redirection during this time period.

Operations/MDF Solution

- Standard Flats mail should be redirected to SYRACUSE (for processing during this time period).
- SYRACUSE (NASS CODE: 130, Dropsite Key: EV16465) is located at 5640 E TAFT RD, SYRACUSE, NY 13220.
- ***The August 1st Mail Direction Files (w/ September 1 effective dates) have been reproduced to correct this issue and are available for download in FAST***

eInduction Solution

- This issue may cause eInduction misships. BMS analysts have been notified of the issue. Misship data related to this issue will be omitted from the monthly assessments.
