USPS Announces Houston P&DC and Local BMEUs Fully Operational ***Tuesday, April 19, 2016***

Severe storms that brought heavy rain over the past few days to many parts of Texas, including most of the Houston Metro Area, yesterday resulted in widespread power outages and flooding affecting some U.S. Postal Service operations in the 770-779 3-Digit ZIP Code Area.

Business customers are advised that the Houston Processing & Distribution Center, located at 4600 Aldene Bender Rd., Houston, TX 77315, is fully operational, as is the Bulk Mail Entry Unit (BMEU) at this location. All suburban BMEU locations in the Greater Houston Area are also open and fully operational today. These BMEUs will be open during their regularly scheduled hours of operation.

Business mail customers with questions or concerns may contact the Houston District Business Mail Entry Manager, David Gibson at (713) 226-3201.
