

# Appendix A: Service Type Identifier (STID) Details

The descriptions that follow show the Service Type Identifiers (STIDs) that apply to the basic automation and Full-Service options for Intelligent Mail. You may also wish to refer to the Intelligent Mail Barcode Technical Resource Guide, which can be found at <http://ribbs.usps.gov/>.

Appendix A provides a detailed description of the various address correction options available within basic automation and full-service mailings and the STIDs that provide the different undeliverable-as-addressed (UAA) handling treatments. **NOTE:** Mailers who wish to receive address correction information on nonautomation mailpieces should use the corresponding STID for basic automation option mailpieces unless otherwise defined in Appendix A.

Appendix A is divided into:

- Mail Class (First-Class, Periodicals, Standard Mail, and Bound Printed Matter)

Within each class of mail, it is divided into:

- No address correction or ancillary services desired for handling of UAA mailpieces
- Manual address corrections or for other ancillary services not available in ACS (Address Change Service)
- Traditional ACS
- OneCode ACS
- Full Service ACS

To use Appendix A, follow the below steps:

- Step 1 Determine the Class of Mail that is appropriate.
- Step 2 Determine whether the Mailing Type will be either basic automation/Non-Automation or full-service option.
- Step 3 Determine if you want to receive IMb Tracing scan data.
- Step 4 Determine whether or not you want to receive ACS.
- Step 5 Determine what type of fulfillment record type you want; Traditional ACS, OneCode ACS or Full Service-ACS
- Step 6 Select the Mailpiece Disposition desired for any UAA pieces. Note that Mailpiece Dispositions are often similar with minor differences. Select the Mailpiece Disposition that best meets your needs.
- Step 7 Determine whether the associated Mailpiece Disposition requires the use of an Ancillary Service Endorsement (ASE). If not, skip to Step 8.
- Step 8 Determine whether to use a "Recommended Ancillary Service Endorsement (ASE)" or an "Allowable ASE" on your mailpiece by checking the column "Action taken if barcode unreadable".
- Step 9 Understand the fees, if any, that will be associated with the use of the STID and/or the ASE.
- Step 10 Check the Constraints and the Notes columns for applicable information.
- Step 11 When you are certain that you have correctly identified all options and understand the Constraints and Notes use the STID specific to that line item when you create the IMb.

Point of information – within each class the text color denotes the address correction notice type.

- Black = No Corrections
- Red = Manual Corrections
- Purple = Traditional Corrections
- Blue = OneCode Corrections
- Green = Full Service Corrections

# Change History

| Section              | Date Changed | Description of Change   |
|----------------------|--------------|---|
| First-Class Mail     | 7/23/2013    | <b>Added: Return Service Requested, Option 2</b> – requests that any UAA mail be returned to sender, and a separate ACS notice with the new address or reason for nondelivery also be provided. Appropriate ACS fees will be charged.   |
| First-Class Mail     | 7/23/2013    | <b>Added: Temp-Return Service Requested, Option 2</b> – requests that any UAA mail be returned to sender, and a separate ACS notice with the new address or reason for nondelivery also be provided, <i>with the exception</i> that any mail affected by a temporary Change of Address (COA) be forwarded with no notice to the mailer. Appropriate ACS fees will be charged.                 |
| Standard Mail        | 7/23/2013    | <b>Added: Address Service Requested, Option 2</b> – requests that any UAA mail be forwarded if possible, returned to sender at the weighted fee if not, and a separate ACS notice with the new address or reason for non-delivery also be provided. The weighted fee will continue to be collected at the office of the return address. Appropriate ACS fees will be charged.                 |
| Standard Mail        | 7/23/2013    | <b>Added: Return Service Requested, Option 2</b> - requests that any UAA mail be returned to sender at the single piece price, and that a separate ACS notice with the new address or reason for nondelivery be provided. The postage due of the single piece First-Class Mail price will continue to be collected at the office of the return address. Appropriate ACS fees will be charged. |
| Bound Printed Matter | 7/23/2013    | <b>Added: Address Service Requested, Option 2</b> – requests that any UAA mail be forwarded if possible, returned to sender at the weighted fee if not, and a separate ACS notice with the new address or reason for non-delivery also be provided. The weighted fee will continue to be collected at the office of the return address. Appropriate ACS fees will be charged.                 |
| Bound Printed Matter | 7/23/2013    | <b>Added: Return Service Requested, Option 2</b> - requests that any UAA mail be returned to sender at the single piece price, and that a separate ACS notice with the new address or reason for nondelivery be provided. The postage due of the single piece First-Class Mail price will continue to be collected at the office of the return address. Appropriate ACS fees will be charged. |
| First-Class Mail     | 1/26/2014    | <b>Added: Address Service Requested, Option 1</b> – requests that any UAA mail be forwarded if possible and a separate ACS notice with the new address be provided. Any other UAA mail be returned to sender with the reason for non-delivery attached.   |
| First-Class Mail     | 1/26/2014    | <b>Added: Change Service Requested, Option 1</b> – requests that all UAA mail be disposed as waste and a separate ACS notice with the new address or the reason for non-delivery be provided.   |
| Bound Printed Matter | 1/26/2014    | <b>Added: Change Service Requested, Option 2</b> – requests that any UAA mail be forwarded if possible or disposed as waste if not forwardable. In either case, a separate ACS notice is provided with the new address or the reason for non-delivery. A flat forwarding fee will be applied per piece. SingleSource ACS participation required. Appropriate ACS fees will be charged.        |

| STID                    | Class of Mail    | Notice Type        | IMb Service Option    | ACS Detail Record Provided to Mailer | IMb Tracing | Mailpiece Disposition   | Requires an On-Piece, Text Printed ASE | Recommended ASE Printed on Mailpiece | Allowable ASE Printed on Mailpiece | Address Change Service (ACS) Option | Fees  | Provides data that can be used to meet the Move Update requirements. | Constraints / Notes                      | Action taken if barcode is unavailable or invalid                                 |
|-------------------------|------------------|--------------------|-----------------------|--------------------------------------|-------------|---|--|--------------------------------------|------------------------------------|-------------------------------------|---|--|--|---|
| <b>First-Class Mail</b> |                  |                    |                       |                                      |             |   |  |                                      |                                    |                                     |   |  |  |   |
| 300                     | First-Class Mail | None               | Basic / Nonautomation | N                                    | None        | Forwardable mail forwarded, all other UAA returned to sender with reason for non-delivery   | N                                      | N/A                                  | N/A                                |                                     |   | N  | No printed endorsement allowed.          | Forwardable mail forwarded, all other UAA returned to sender with reason affixed. |
| 310                     | First-Class Mail | None               | Basic / Nonautomation | N                                    | Destination | Forwardable mail forwarded, all other UAA returned to sender with reason for non-delivery   | N                                      | N/A                                  | N/A                                |                                     |   | N  | No printed endorsement allowed.          | Forwardable mail forwarded, all other UAA returned to sender with reason affixed. |
| 260                     | First-Class Mail | None               | Full-Service          | N                                    | None        | Forwardable mail forwarded, all other UAA   | N                                      | N/A                                  | N/A                                |                                     |   | N  | No printed endorsement allowed.          | Forwardable mail forwarded, all other UAA returned to sender with reason affixed. |
