

RELEASE NOTES 43.1.1.2

The *PostalOne!* system Release 43.1.1.2 will be implemented on July 3, 2016 to introduce software fixes to the system. This includes corrections to issues previously identified in a prior release.

These Release Notes provide the contents of the release and affected subsystems.

Contents of this document are subject to change.

1.0 Corrections to Known Issues

This information is derived from External Trouble Reports (ETRs) and Engineering Change Requests (ECRs).

Postage Statement Register

The Postage Statement Register has been updated to enable eInduction Origin pallets to be correctly displayed as eInduction. Previously, a logic defect prevented the Register from recognizing the eInduction status of eInduction Origin pallets. This was a display issue only and did not affect postage. [9773 \(B\)](#)
