Error Messages

- ✚ Document reviewed.

Other/Group Input

- ✚ A subgroup will be formed to discuss a future solution for recording nonprofit Standard Mail ownership and avoid incorrect revocation of nonprofit authorizations.

- ✚ After the meeting: The following will be published in the next version of Release 27 Notes.

Known issue:

Prior to this release, the *PostalOne!* system used only the first Mail Owner's Lcl Permit Ref Num/Int'l Bill Num and Mail Owner's Lcl Permit Ref Num/Int'l Bill Num - Type to generate postage statements and populate the owner on the statement. This meant there were no separate postage statements for each owner in a Mail.dat file for combined mail with multiple values of Mail Owner's Lcl Permit Ref Num/Int'l Bill Num and type.

Work around:

In this release, each new value of Mail Owner's Lcl Permit Ref Num/Int'l Bill Num and Type will generate a separate postage statement. If the user desires to have only one postage statement for multiple owners then use only one Mail Owner's Lcl Permit Ref Num/Int'l Bill Num and type in all MPA records.
