3/1/2012 18:18	94549	CAPS service center cannot reverse fee paid through POS on CAPS debit account	CAPS account will not receive a credit for reversed fees.	Reverse fee in PostalOne! and refund fee to customer at retail window. If issue, call Accounting Help Desk.	Yes	CAPS	High	(None)	Both
1/12/2012 14:18	91698	Mail.DAT - Sibling Container - Validation 3515 not thrown when Postage Statement Mailing Date populated	Mailing date is permitted on sibling containers. The 3515 validation is not active - When the Sibling Container Field is set to Y, only the following fields can only be populated: (list of fields that does not include Postage Statement Mailing Date).	The inactive validation is necessary as the workaround for Mail.dat (version 12-1) - Error Code 4352 (Mailing Date before January 22, 2012) is incorrectly triggering for sibling containers.	No	Mail.dat Validations	Medium	(None)	Both
1/7/2012 17:45	90572	Mail.dat and Mail.XML Guidance on Correct Processing Category for Standard Mail Marketing Parcels	For Mail.dat and Mail.XML files, there is confusion on what processing category (machinable or non-machinable) to use for Standard Mail Marketing Parcels. This is because Mail.dat and Mail.XML uses values for Standard Parcel Type for Marketing Parcels	Avoid failure by submitting Mail.dat and Mail.XML files by using the processing category as advised by USPS.
