

SingleSource ACS Fulfillment

Kai Fisher & Chaz Zweber
Address Management Systems
June 2013

SingleSource ACS is NOT a new form of ACS

- **It's just a new way to get ALL of your ACS notices**
- **From a Single Source (Electronic Product Fulfillment – EPF)**
- **In a Single and consistent file format (fixed length .txt file)**
- **And you don't have to change the Service Type ID in the Intelligent Mail™ barcode**

OneCode ACS notices (Basic STID) and Traditional ACS (#B) notices will also be fulfilled in the same SingleSource ACS fulfillment file.

Full Service ACS notices that are made available to you via the PostalOne! Business Customer Gateway will be provided within 24 hours of receipt and at no charge.

SingleSource ACS will provide a detailed “Shipping Notice” and Full Service ACS “Chargeback” file with each fulfillment. These Excel CSV files will include the count of each type of ACS notice provided and what charges (if any) will be applied to the next invoice.

Full Service ACS will only be charged the automated or electronic fees when:

- The IMb contains less than 11 digits in the routing code (charges will be applied immediately).
- The IMb in the ACS notice could not be matched to an eDoc (charges will be applied when feedback is provided by PostalOne!).
- The IMb has not maintained uniqueness for the required 45 days (charges will be applied when feedback is provided by PostalOne!).
- An eDoc deficiency has been identified that disqualified the mailing or mail pieces within the mailing (charges will be applied when feedback is provided by PostalOne!).
- A container or the entire mailing was disqualified for Full Service discounts and benefits (charges will be applied when feedback is provided by PostalOne!).
- A Full Service ACS STID was used in a mailpiece that was not part of a Full Service mailing.

NOTE: These records are NOT provided via PO!/BCG

ACS™

Announcing SingleSource ACS™

SingleSource ACS removes the need for handling different ACS notice file formats when dealing with both Full Service ACS and OneCode ACS. With SingleSource ACS, all of the ACS notices (including Traditional ACS if you prefer) are combined into a single file format and are provided via Electronic Product Fulfillment (EPF).

- ACS notices are available to the mailer within 24 hours of receipt at USPS
- Full Service qualified ACS are provided at no charge
- Non-Full Service qualified records billed monthly
- Can include Traditional, OneCode, and Full-Service records in the OneCode ACS format in a single file
- Daily download from Electronic Product Fulfillment (EPF) web site

Coming in January 2013. See the [SingleSource ACS Technical Guide](#) for more details.
