

MTAC User Group 1 Weekly Meeting

August 7, 2014

Purpose and Overview	3
General Updates/Information	4
New Topics: Open Discussion	5
Q&A/Wrap Up/Contact Information	6

The mission of the *PostalOne!*, SASP, Intelligent Mail User Group 1 will be to address and resolve issues identified and to define and review improvements in functionality across the *PostalOne!*, SASP and Intelligent Mail systems. The User Group 1 will create ad hoc subgroups to address specific issues as necessary.

Purpose

To resolve identified issues and to define and review improvements in functionality across the *PostalOne!*, SASP and Intelligent Mail systems.

Approach

To collaborate with the industry to understand new and/or existing issues and to determine next steps or actions to be taken to address and resolve those issues.

Goal

The *PostalOne!*, SASP, Intelligent Mail User Group 1 will become the formal vehicle for the cross-exchange of technical systems information to ensure the industry and Postal Service work together throughout the lifecycle of software deployments.

- ❑ Welcome and Opening Remarks (Kathryn Mackey)
