- Finalize Issues List**

Microsoft Excel
97-2003 Worksheet

- **Nine issues will be migrated to FAST User Group 3.**
 - The user group will work to implement, track, test, and provide feedback and status updates on systems issues to ensure the industry and Postal Service work together throughout the lifecycle of software deployment.
 - The group will begin meeting after Thanksgiving, under the leadership of Lance Bell.
 - WG 138 members are welcome to join FAST UG 3.

- **Eleven issues will be migrated to MTAC Workgroup 163**
 - The Workgroup will review the supply chain and recommend a potential approach to distribute responsibility for mail preparation errors to parties other than the eDoc submitter.

- **Workgroup #138 – eInduction**
 - Start Date: 9/16/10
 - Official Date of Completion: 11/20/2014
- **Purpose of the Workgroup:**
 - The workgroup will develop an approach to streamline the drop shipment process to provide mailers and the Postal Service with an efficient, cost-effective, and streamlined process for mail induction.
- **Review Resolution Statement:**

Microsoft Word
17 - 2003 Document
