

MTAC Task Team (TT) #23

Date: February 17, 2016

Attendees: Pritha Mehra, Todd Black, Adam Collinson, Mark Kolb, Randy Workman, Beth Bigelow, Tarlochan Mann, Heather Dyer,

Discussion Items

- Randy shared the preliminary test results against the capabilities. One of the results is under review reported by ALG on by/for metric under Full Service, it appears it will have a positive outcome pending review.
- TT reviewed the feedback on the Publication changes, Q/A; Some of the discussion revolved around the following: DMM takes precedence over the publication, the links will be added to reference DMM. For FS, placards are required on the outside of the containers.

Action Items

- Review Publication, Q/A, and DMM language - TT
- Send testing results document to TT on weekly basis – Randy
- Prepare/Share an Executive committee communication on the status to include testing results of TT - Tarlochan
