DISCUSSION POINTS

The purpose of this meeting is to provide an ongoing forum to facilitate communications between the Postal Service and users, define and review improvements in process/production functionality and address and resolve issues.

Data Delegation

- Amy Cradic walked the group through some proposed website clarifications on Data Delegation.

BCG / IMb Tracing Link

- Amy Cradic and Himesh shared some slides on accessing BCG and IMb Tracing. The associated slides were shared with the group after the meeting.
- David Gorham shared customer complaints about not being able to review data together without sharing passwords.
- The group discussed whether MTAC should create a new workgroup specifically focused on BCG-related issues.

Visibility For Redirection Pieces

- Adam Collinson from UG5 gave the group an overview of USPS redirection IMb concept. The details aligned with the presentation Himesh previously presented to the group.
- A suggestion was made that it might be nice to have a presentation that shows all of the possible IMb barcoding scenarios, labeling, and data captured.

Discussion On Face-To-Face MTAC Meeting

- The group made a decision not to hold a face-to-face meeting at MTAC the week of May 19th.

Review of Action Items & Issues Log

- See accompanying Action Items and Issues Log.

Any Other Business

- No additional issues were added to the agenda.
