- **Network Rationalization will result in limited relocation of FSS processing in 2013**
 - **Northwest Boston P&DC to Middlesex-Essex P&DC**
 - **Stamford P&DC to Westchester P&DC**
 - **No mail will be moved from FSS to manual processing**
 - **No additional mail will be moved to FSS from manual processing**

- **To avoid any disruption in flats sequencing in the Northeast Area a float machine will be installed in Middlesex Essex**

- **The float machine is one of five machines currently installed in South Florida P&DC**
 - **South Florida FSS volumes will be consolidated on the remaining four machines**
 - **No mail will be moved from FSS to manual processing**

FSS Moves Timeline

- **In 2014 there may be additional FSS relocations**
- **The USPS will update the industry in advance of any moves**
