

LICENSING ANNOUNCEMENT

MARCH 17, 2011

NCOA^{Link}[®] PRICING CHANGES REMINDER

Primary Audience: NCOA^{Link} Licensees

What: As a reminder, effective April 17, most of the NCOA^{Link} licensing fees will change. All new and existing licensees will be subject to the new fees, meaning any licenses, tests/audits, additional platforms or sites requested on or after April 17 must remit the new fees. Below is the NCOA^{Link} pricing structure.

You may note that there is a difference in the fee for first-year NCOA^{Link} Limited Service Providers (LSP) (\$15,250) as opposed to the fee charged to renewing LSPs (\$15,500). We did not detect this inconsistency prior to Postal Service Board of Governors and Postal Regulatory Commission approval and finalization and are unable to correct until the next Rate Case. At such time, we will realign the two at the same price.

When: Effective April 17

Impact: All new and existing licensees will be subject to the new fees on or after April 17.

What you need to do: Please share this information with all pertinent contacts at your company. If you have any questions, please contact the Licensing Department at 800-589-5766.
