

## PAVE/MAC Batch Cycle Q Advisory

**Q-004**

Date: 4/12/16

Effective April 30, 2016, the Certification Expiration date for all PAVE/MAC Batch products that received Certification for Cycle Q will be extended to December 31, 2016. There will not be an active testing period for products currently reflected on the Pave Certified Products List.

Certification testing will be necessary for all new products not previously certified or if new presort preparations/options have been added to a product certified during Cycle Q.

If there are other updates or changes that need to be made to current products, please provide details to the PAVE team at [pave.ncsc@usps.gov](mailto:pave.ncsc@usps.gov)

New freeze data (PAVE\_MB\_Cycle\_Q\_Ext\_Freeze.zip) has been posted to the EPF PAVE/MAC Batch file location for those seeking new or additional certification testing.

Please contact us if there are any questions or concerns.
