

LICENSING ANNOUNCEMENT

JULY 27, 2016

UPDATED EPF DOWNLOAD MANAGER

Two updated versions of the Electronic Product Fulfillment (EPF) Download Manager are now available at the locations below. The version that should be installed depends on the version number of Microsoft .NET you have installed on your computer. Only one version of the EPF Download Manager should be installed on your computer.

- https://epfeaws.usps.gov/ws/dnldmgrs/epfdnldmgr_1.0.2.0.zip
 - Must have Microsoft .NET version 4.0 installed on system
- https://epfeaws.usps.gov/ws/dnldmgrs/epfdnldmgr_1.0.2.1.zip
 - Must have Microsoft .NET version 4.5 installed on system

Before installing one of the current versions of the download manager, uninstall the old version first. Make sure the appropriate version of Microsoft .NET is installed.

If you have any questions regarding this notice, please contact the Licensing Department at ncoalink@usps.gov.
