CASS ENHANCEMENT

THIS AGREEMENT LICENSES THE DISTRIBUTION OF SOFTWARE INTERFACES AND THE REDISTRIBUTION OF DATA FOR THE Suite^{Link} CASS Enhancement System and is effective on the date signed by the United States Postal Service, by and between: (Licensee) _____, a _____, having its principal place of business at: (Address) _____ (City) _____ (State) _____ (ZIP + 4) _____ - _____, and the United States Postal Service (USPS), with offices at National Customer Support Center (NCSC), Suite^{Link} Licensing Department, 225 N Humphreys Blvd, Suite 501, Memphis TN 38188-1001.

LICENSE AGREEMENT Number: 671440-06-STE-XXXXX

In consideration of the grant and mutual covenants set forth herein, the parties agree as set forth below:

Introduction

- USPS has created a confidential and proprietary system for improving business delivery addresses for multi-occupation buildings by determining whether a suite number and/or secondary address information is available and, if so, providing this information in response to an inquiry; this system as a whole is called the “Suite^{Link} CASS Enhancement System” (herein “Suite^{Link} System”) and is further defined below.
- To facilitate greater efficiency and economic benefits for businesses in the mail industry and for the USPS, USPS has decided to make the Suite^{Link} CASS Enhancement System commercially available to mailers. For this purpose, from the Suite^{Link} System, it has developed for customers’ use the “Suite^{Link} Product” (further defined below). This product is an integral part of the Suite^{Link} System as a whole. Both the Suite^{Link} System address information and technology and its component, the Suite^{Link} Product, are USPS proprietary property.
- The licensees access the information in the Suite^{Link} Product through the use of an interface.

UNITED STATES POSTAL SERVICE

CASS ENHANCEMENT

- To develop the interfaces needed for use with the Suite^{Link} Product, previously USPS and Licensee entered into an agreement separate from this Agreement, which the pre-existing agreement is entitled “Suite^{Link} Interface Developer Agreement” (herein “**Developer’s Agreement**”) (defined below), pursuant to which Licensee developed interfaces for use with the Suite^{Link} Product.
- Licensee now wishes to acquire a nonexclusive license to incorporate the CASS Certified interfaces into Licensee’s own software product(s) and to market and distribute these software products to others.
- USPS wants such interfaces to be distributed to Users (defined below) who will also receive the Suite^{Link} Product.
- The present agreement provides the right to incorporate the interface(s) developed by Licensee under the Developer’s Agreement, after certification, into Licensee’s products and to distribute them to Users so long as Licensee also distributes the Suite^{Link} Product to those Users all in accordance with the provisions set forth below.
